

### Parts List

- (A) Legs (4)
- (B) Base (1)
- (C) Support Grooming Arms (3)
- (D) Subsidiary Grooming Arm (1)
- (E) Major Grooming Arm (1)
- (F) Drain (1)
- (G) Locking Ring (1)
- (H) Washer (1)
- (I) Strainer (1)
- (J) Drain Plug (1)
- (K) Hose (1)
- (L) Door (1)
- (M) Screws (12)
- (N) Ramp (1)

### Tools Required:

Phillips head screwdriver

1). Begin by turning the Base (B) upside down. Attach the Legs (A) to the Base (B) of the tub. Line up the Leg with the base by using the groove. Attach the Leg securely to the body using a Phillips head screwdriver (not included) and Screws (M) included. Each leg has three screw attachments. Repeat this step on each of the four legs.

2). Stand the tub up on its feet.

3). Place the Drain (F) into the hole in the floor of the tub.

4). Screw in the Drain (F) to secure it to the tub.

5). Underneath the base of the tub, place the Washer (H) over the bottom of the Drain (F).

6). Screw the Locking Ring (G) overtop to secure.

7). Place the Strainer (I) into the Drain (F) on the floor of the tub.

8). Place the Drain Plug (J) into the Drain (F) on the floor of the tub.

9). Attach the Hose (K) to the bottom of the Drain (F) (underneath the tub base) and screw it to secure.

10). Place the Support Grooming Arms (C), Subsidiary Grooming Arm (D) and Major Grooming Arm (E). The Major Grooming Arm (E) has two fasteners – one on either end. Loosen one of the fasteners and slide it off the Major Grooming Arm (E).

11). Find the Subsidiary Grooming Arm (D) and slide it onto the Major Grooming Arm (E). Slide it to the middle of the Major Grooming Arm (E) and then secure it by tightening the fastener.

12). Re-attach the fastener you took off of the Major Grooming Arm (E) and tighten it to secure it to the end of the arm. Ensure that the fasteners with grooming loop holders have the loop holders pointing downwards for easy loop attachment.

13). Attach the three Support Grooming Arms (C) to the Major Grooming Arm (E) and Subsidiary Grooming Arm (D).

14). Lift the grooming arm structure and fit the base of each of the Support Grooming Arms (C) into the three arm holes on the top of the tub base.

15). Slide the Door (L) into the groove on the Base (B) to secure it.

16). Fully assembled with Ramp (N).

### LIMITED WARRANTY

This Master Equipment® PolyPro Grooming Tub is warranted against defective material or workmanship for one year from the date of purchase. Any Master Equipment® product that is determined to be defective in material or workmanship during the warranty period will be replaced without cost to the purchaser for parts or labor. Please contact PetEdge Customer Service at 1-800-638-5754 regarding any defective product. PetEdge will not be liable under this warranty for any defect, failure or malfunction of this product caused by normal wear, abuse, misuse, unauthorized adjustments or repairs. PetEdge will not be liable for any incidental or consequential damages of any type. Any implied warranty is limited to the one-year period provided in this express warranty. Some states do not allow limitations on how long an implied warranty lasts or exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. Warranty is void if product has been modified in any manner, repaired by anyone other than PetEdge or has been subject to unreasonable use. Warranty is valid in the United States.
